Purpose

The Delaware Division of the Arts recognizes the importance of connecting schools with cultural institutions to promote creative learning experiences critical to a child's academic development and a well-rounded curriculum.

Live arts performances and exhibitions provide opportunities for learning in the arts that foster creativity and innovation. In many cases, a school field trip may be the first time a student is provided with such an experience.

This grant program is designed to subsidize transportation costs that schools incur in order for students to attend arts and cultural events throughout the state. Additionally, as venues engage new audiences to cultivate awareness and future participation from the next generation, there is a positive impact on Delaware's creative economy.

Eligibility

All Delaware nonprofit K-12 public, private, or charter schools are eligible to apply for funding. Pre-K programs affiliated with public schools are also eligible to apply. Schools may receive only one TranspARTation Grant per school year. Title I schools may be considered for more than one TranspARTation Grant per school year if funding is available.

Allowable Expenses

The TranspARTation Grant supports travel costs to Delaware arts and cultural institutions and venues so that students may attend events, performances, and exhibits that have high quality arts components. Eligible programs include the exhibition or presentation of guest artists or ensembles (not including school shows or student groups).

Finding Events and Exhibits

www.DelawareScene.com is an online calendar of arts and cultural events and exhibits that might be helpful in identifying events to attend. However, keep in mind that arts organizations may offer additional school programs and shows not listed on www.DelawareScene.com, so be sure to contact them directly to check their offerings and make arrangements.

Grant Awards

Schools may request up to \$300 toward travel expenses, to include buses, fuel, parking, and tolls associated with these trips. Grants are paid to the school as a reimbursement of eligible expenses after the Final Report is received by the Division. Schools are responsible for paying bus companies and other vendors directly.
